Review and reporting requirements for the Prescription Drug Monitoring Program						

Assumptions Used in Arriving at Fiscal Estimate

AB 766 creates a program review and reporting requirements for the Prescription Drug Monitoring Program (PDMP) administered by a Controlled Substances Board. This bill requires annual annual reviews of the program to compare actual outcomes with expected outcomes. This bill also requires the outcomes to be reported to DSPS and sunsets the program review requirements after 2020. It is not expected that this bill would require additional work or resources for the DOJ.
